

Potential Claims Analysis by Medical Category

HRInsight has collected health information from your employees and conducted an analysis that financially quantifies how much you will spend in annual health related claims, by medical category, as a result of the health risks present in your workforce.

Projected Claims Analysis by Medical Category

HRInsight has collected health information from your employees and conducted an analysis that financially quantifies how much you will spend in annual health related claims, by medical category, as a result of the health risks present in your workforce.

The Potential Claims Analysis is intended to identify the specific medical conditions that represent your greatest risk of financial exposure as a result of the health of your employee population. The financial projections illustrates how much your firm is likely to spend, by medical condition over the next 12 months, if each condition is left untreated.
